Team 91 is a select lacrosse club aimed at providing young athletes with the instruction and passion it takes to compete at the national level and ultimately the collegiate level.

Our mission is to give our players the opportunity to reach their full potential as student-athletes.

Our program is grade-based and runs practices and training starting in the late fall through the following summer. We offer positional training as well as speed and agility training throughout the winter and team practices throughout the year. Our teams attend multiple summer tournaments on the national circuit. Each player is given the chance to train and compete at a high level and to grow as both a lacrosse player and an overall student-athlete.

Team 91 prides itself on top notch training, constantly evolving coaching techniques, open and accessible communication and most importantly a family atmosphere for all of our players.

We do our best to provide positive, high-end coaching for all of our teams and give each player the opportunity to grow as an athlete.

Our younger teams are focused on building advanced lacrosse skills, while our high school teams tour the college recruitment circuit to provide the players with the opportunity to continue playing in college.
